RIDING 2,012 MILES IN 2012 TO
BUILD FUTURES FOR THE CHILDREN
OF SOUTH ASIA

Suppose a brother or sister is without clothes and daily food. If one of you says to him, "Go I wish you well; keep warm and well fed," but does nothing about his physical needs, what good is it? -James 2:15-16

3,000,000 CHILDREN DIE EACH YEAR IN SOUTH ASIA FROM DISEASE AND MALNUTRITION. THAT REPRESENTS A CHILD DYING EVERY 10 SECONDS.

Child Development Centers (CDCs) meet the physical, spiritual, and educational needs of children. The goal of CDCs is transforming young lives into healthy Christ followers. CDCs are ministry centers serving entire communities and are used for community-based health care, shelters during times of natural disasters, and training centers for pastors.

COMPASSION 575 -a fundraiser for the children by NCM - South Asia

"I am not ashamed to ask you to give because I have personally seen the life changes made through this ministry, not only for the children attending the CDCs but for their families and entire villages. Would you give \$1 per mile or even 10 cents per mile to make an eternal difference in the lives of children in Nepal, Bangladesh, and Sri Lanka."
Ron Gilbert - former FSC South Asia

Jibon Kahar - Nwagaon CDC, Bangladesh

"His eyes were so sad, and he hardly smiled when D. S., Sukamal Biswas gave him a hug. Jibon is six years old and tragically lost his dad 2 days earlier. His life was turned upside down and he faced extreme poverty with little hope of a proper education. Jibon was admitted to the Nwagaon CDC where he receives a nutritional meal daily and a faith-based education. Most importantly, he is learning his heavenly Father loves him and has a special plan for his life. Donors have given hope to Jibon by sponsoring the Nwagaon CDC. The Lord is making an incredible difference in the lives of children sponsored in CDCs." David Argabright dlargabright@gmail.com
