“Speak up for those who can’t speak for themselves. Speak up for the rights of all those who are poor” (Prov. 31:8, NIRV).

Special thanks to our partners who have sponsored 35 new CDCs and invested over \$604,000 since January 2008.

Child Development Centers (CDCs) meet the physical, spiritual, and educational needs of children. The goal of CDCs is to transform young lives into healthy Christ followers. CDCs are ministry centers serving entire communities and are used for community-based health care, shelters during times of natural disasters, and leadership training centers.

COMPASSION 575 -partnering with Nazarene Compassionate Ministries (NCM)-South Asia

CDCs provide a faith-based education that is a footbridge allowing children to escape the grip of extreme poverty and gain knowledge of our Lord and Savior Jesus Christ.
- Ron Gilbert, former FSC South Asia Field.

"Now we who are strong have an obligation to bear the weaknesses of those without strength, and not to please ourselves" (Romans 15:1, HCSB).

It is incredible to see the difference within the villages across South Asia where CDCs have been established. Its not just the children who are benefiting from this program, but entire families and villages are being transformed by the love of Christ. Its truly a privilege to witness all of this first-hand. - Jeff Jackson, South Asia Field Work & Witness Coordinator
